

## Meet your Exhibitor Advisory Board

The Exhibitor Advisory Board was created to provide a voice for the Exhibitor Community. Board members are involved in reviewing NSC Congress & Expo policies and operating practices specific to exhibitors. The Exhibitor Advisory Board contributes to the growth of the NSC Congress & Expo and continues to support exhibiting companies and NSC management.

EAB representatives serve as experts for fielding questions and providing resources and initiatives for the continued success of the exposition and those who are participating. Members of the committee are nominated and selected for two-year terms by fellow exhibitors.

### Vision

To create a foundation of mutual understanding of goals for all stakeholders involved in the NSC Congress & Expo through increased communication, a unified strategy and growth opportunities.

### Mission

To fortify the NSC marketing strategy to fully engage exhibitors and attendees alike by enhancing the overall NSC Congress & Expo experience.
